JB4 Board Identification

Board
N54 G5
Connect Kit Type
Unpinned Power

Uses N54-specific install guide.
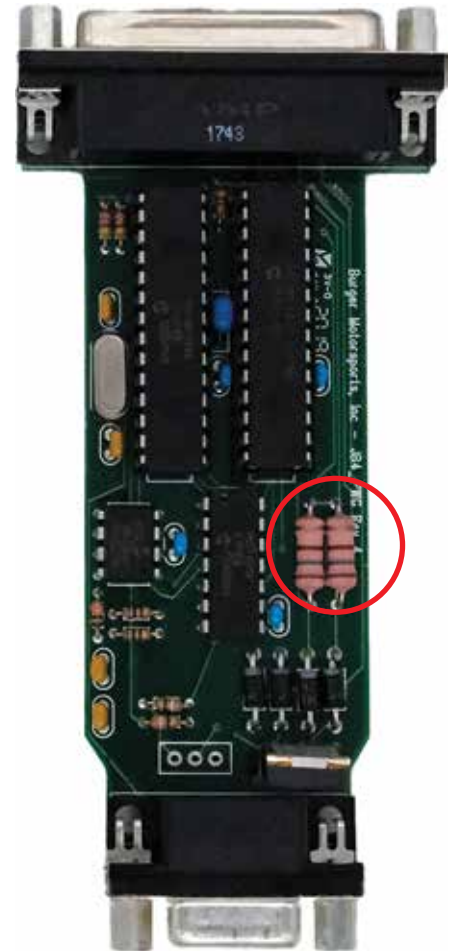

Board
Stage 1
Connect Kit Type
Unpinned Power

Board
PWG V1
Connect Kit Type
Unpinned Power

Board
PWG V2
Connect Kit Type
Pinned Power

To determine if your PWG board is V1 or V2, check if you have 2 resistors in this position or if it is a single component.

Board
EWG V1
Connect Kit Type
Unpinned Power

Board
EWG V2
Connect Kit Type
Pinned Power

To determine if your EWG board is V1 or V2, check if you have 3 empty circles on your board as pictured. The V2 board doesn't have these spots at all.
